

Smartballot Electronic Voting Process – A Guide for the Primary contact of your company.

- SmartBallot is being used for VIATEC's electronic online voting.
- The email communications will flow between these dates Sept. 9th - 16th.
- Please follow the instructions provided in the email communications.
- The email instructions will be concise and include links to fulfill tasks. Each link or task will be specific to each voter based on your prior experience/interface with SmartBallot.
- If you don't see an email from SmartBallot within the given time frame please check or junk/spam folder first.
- If you cannot find the specific email then please contact Georgia at info@viatec.ca and she will send you the link.

Examples of email communications that will be sent to you
