

# Application for BOOST Project Support

**BOOST** represents one of the most significant opportunities VIATEC has had to directly impact the growth of Victoria's most promising tech companies. This is not another accelerator program – it's about **providing highly customized, hands-on support to scale-ups that have the potential to drive job creation, revenue growth, and economic expansion.**

**BOOST** is not just about funding – it's about delivering **meaningful**, hands-on support that propels companies toward **sustained growth**. We are ensuring that each participant receives deep, targeted mentorship and direct access to subject matter experts and investors. Our structured approach will include quarterly progress evaluations, personalized growth plans, and curated opportunities to expand into new markets. We will track real outcomes, from revenue increases to job creation, ensuring that **BOOST** is not only a successful initiative on paper but a **transformational experience for its participants.**

Note: This form will guide you through the application process for **BOOST**. You may wish to download the template to prepare responses offline to then copy & paste into this form. You can download the template [here](#).
